Finishing a letter
Dotting all the 'i's
I've read it five times over
Still not satisfied
Am I taking this too hard
I just want you to see
who I am
And you can never change me

I am who I want to be
But you don't understand
Won't be who you want me to be
I am in command
Making myself believe that you are not the one
Never thought i'd say this but baby we are done

Taking all your pictures off my wall
Giving up all hopes that you would ever call
Use me, confuse me
I don't care anymore
All I know is you will never catch me when I fall

I am who i want to be
But you don't understand
Won't be who you want me to be
I am in command
Making myself believe that you are not the one
Never thought I'd say this but baby we are done

Swimming in your lies
Trying to decide
Where do I begin?

I am who I want to be
Yeah, this is the end
Won't be who you want me to be
I know where I stand
I got over it, you are not the one
Never thought I'd say this but baby we are done
We're done
We're done
Baby, we are done
