I am falling
Falling harder for you each day
I hear your voice through the noise
My heart skips a beat when i hear you say
That you love me
And I can't speak

I can feel your arms around me
Even when you're not there
I can feel your lips on my lips
Your fingers running through my hair
Your hand in mine
When we're intertwined
Everything's alright
You don't know what you do to me
Cause baby with you I get so weak

I am drifting
Drifting right into your arms
Time freezes and the world stops turning
My heart melts when I hear you say
Those three words
And I can't breathe
I can feel your arms around me
Even when you're not there
I can feel your lips on my lips
Your fingers running through my hair
Your hand in mine
When we're intertwined
Everything's alright
You don't know what you do to me
Cause baby with you I get so weak

Unlock the key to my heart
Nothing will break us apart

Your hand in mine
When we're intertwined
Everything's alright
You don't know what you do to me
Cause baby with you I get so weak
