Could it be
That there are angels watching over me
Make me see
That the sky is blue
Can it be true
That it's not because of your blue eyes
It gets harder to breathe
Make me realize

I wish that the world will turn upside down
Just let me be, don't turn around
I don't want you to see the tears in my eyes
Under my disguise
I wish my dreams will all come true
You're here with me and I'm with you
But it's just fantasy
It'll all become reality when stars bleed

Misery
Living in a world of my own
It gets harder to breathe
I've had enough of this negativity

I wish that the world will turn upside down
Just let me be, don't turn around
I don't want you to see the tears in my eyes
Under my disguise
I wish my dreams will all come true
You're here with me and i'm with you
But it's just fantasy
It'll all become reality when stars bleed

Tell me what she's worth
Cause I can do better
When you're with me
I bet you'll catch a glimpse of heaven

I wish that the world will turn upside down
Just let me be, don't turn around
I don't want you to see the tears in my eyes
Under my disguise
I wish my dreams will all come true

You're here with me and i'm with you
But it's just fantasy
It'll all become reality when stars bleed

The stars will bleed
That's what i believe
You and me
When stars bleed
