we've played all our cards  
threw the dices one by one  
but i'm still dying just to see your eyes again  
i've said my goodbyes  
cried myself to sleep at night  
but nothing can take away the pain

and i just wish we could be back together

one heart isn't whole without its partner by its side  
one star isn't bright enough to light up the night sky  
tell me that you miss me cause i miss you  
so take me back baby  
cause i don't know what i'd do  
without you

i remember when  
you told me we would last  
but now that's history  
and your face is just a memory  
but i still believe that we are meant to be

one heart isn't whole without its partner by its side  
one star isn't bright enough to light up the night sky  
tell me that you miss me cause i miss you  
so take me back baby  
cause i don't know what i'd do  
without you

i've dried all my tears  
and after all these years  
i'm still holding on to you  
and my heart beats faster  
when i think of us together  
and without you the sky isn't blue

one heart isn't whole without its partner by its side  
one star isn't bright enough to light up the night sky  
tell me that you miss me cause i miss you  
so take me back baby  
cause i don't know what i'd do  
without you
