I travelled across the sea  
With my sisters, my shining stars  
Dark depths were calling me  
And they try to pull me under  
I was looking for my mirror  
Fighting against my fears,  
Against my weaknesses  
Which were trying to take my soul!

"And when I look long into the abyss  
The abyss also looks into me."

I travelled across the desert  
With my brothers, grains of sand  
The cold sun was calling me  
Wanting from me to be it's slave  
I became blind, so blind  
And the sun was in my head  
I fought against myself  
And I left my mirror in the sand

"Whoever fights monsters  
Should see to it that  
In the process he does not  
Become a monster.  
And when you look long  
Into the abyss  
The abyss also  
Looks into you."
