One lies in ancient realms  
feasting on blemished shadows  
elemental wisdom  
redeems fallen ruins  
unseen bane forms  
insolent existence  
fathom assail  
deepless infinite  
summoning the valorous exosphere  
be ye men of valor  
mass of exordian  
reigns of infinite thoughts

of overbearing forms  
fathom assail  
deepless infinite  
realms pertain  
eternal thoughts  
evanesce the lifeless cries  
path of which  
whim to transverse  
elemental wisdom  
redeems fallen ruins  
unseen bane  
forms insolent existence  
existence.
