Who was once a bull hooking son of a gun  
Now who keeps a pint hid out behind chute No 1  
Who was ridin' high till a pretty girl rode him to the  
ground  
Any kid knows where to find me I'm Bandy the rodeo  
clown.

In the ridin' and a ropin' I was closin' in on No 1  
Now in dreams at night I ride on that silver saddle I  
never won  
Since she left me the whiskey takes me to the rodeo  
grounds  
Where the cowboys think I'm handy I'm Bandy the  
rodeo clown.

I could ride 'em all the bulls and the broncos knew I was  
boss  
But the ride that woman took me on  
Broke a whole lot more than this ole cowboy's bones  
While the tears on my make-up melts my painted smile  
into a frown  
The crowd thinks I'm a dandy I'm Bandy the rodeo  
clown.

And I could ride 'em all the bulls and the broncos knew  
I was boss  
But the ride that woman took me on  
Broke a whole lot more than this ole cowboy's bones  
While the tears on my make-up melts my painted smile  
into a frown  
The crowd thinks I'm a dandy I'm Bandy the rodeo  
clown...
