Lately I've been through some heavy thinkin'
I've about decided what to do
You're doin' things to make me think of drinkin'
Gonna honky tonk right out on you.

I guess I'll go back there to where you found me
Cause girl you've turned so cold I'm turnin' blue
I'll find someone who wants their arms around me
Gonna honky tonk right out on you.

Now if you ever want to know
The reason why I'm gone
The days have been gettin' shorter
And the nights are much too long.

Guess you must have been playgirl slummin'
Maybe I was only somethin' new
There'll be someone glad to see me comin'
When I honk tonk right out on you.

When I honk tonk right out on you...
