If we let ourselves get carried away  
How far do you think we would go  
Would tomorrow find you closer to me  
Or would goodbye be too close to hello?

Are you sure that loving me would be worth losing him  
Would his mem'ry ever leave us alone  
If we let ourselves get carried away  
How far do you think we would go?

--- Instrumental ---

If we give in will forever begin  
Or suddenly come to a close  
If we let ourselves get carried away  
How far do you think we would go?

Are you sure that loving me would be worth losing him  
Would his mem'ry ever leave us alone  
If we let ourselves get carried away  
How far do you think we would go?

How far do you think we would go?...
