(Virgil Warner)

My car looks like a bunch of hobos been living in it
My back is warped from sleeping on the ground
My wardrobe's in the trunk the humidity's got to it
I think it's time for me to settle down.

Like some good ol' boy sittin' by the fire
Wrapped in baby's lovin' arms so tight
9 to 5 with weekends off party time till Monday
Snuggled up with mama every night.

--- Instrumental ---

Music keeps me runnin' all the time that's why I'm crazy
Folks say I get weirder all the time
This goin' wire to wire's tough cause basically I'm lazy
I've got to figure some way to unwind.

Like some good ol' boy sittin' by the fire
Wrapped in baby's lovin' arms so tight
9 to 5 with weekends off party time till Monday
Snuggled up with mama every night.

Like some good ol' boy sittin' by the fire
Wrapped in baby's lovin' arms so tight
9 to 5 with weekends off party time till Monday
Snuggled up with mama every night...
