Well if the wife and I are fussin' brother that's our right
Cause me and that sweet woman's got a licence to
fight

Why don't you mind your own business mind your own
business

Well if you mind your own business then you won't be
minding mine

Well I got a little gal she wears her hair up high

The boys all whistle when she walks by

Why don't you mind your own business mind your own
business

Well if you mind your own business then you won't be
minding mine

Oh the woman on the party lines a nosey thing

She pick up her receiver when she knows it's my ring

Why don't you mind your own business mind your own
business

Well if you mind your own business then you won't be
minding mine

[guitar]

If I wanna honky tonk around till two or three

Now brother that's my headache don't you worry bout
me

Why don't you mind your own business mind your own
business

Well if you mind your own business then you won't be
minding mine

I might tell a lotta stories that may not be true

But I can get to heaven just as easy as you

Why don't you mind your own business mind your own
business

Well if you mind your own business then you won't be
minding mine

Mindin' other people's business seems to be hightone

But I got all that I can do just miding my own

Why don't you mind your own business (mind your own
business)

Mind your own business (mind your own business)

Well if you mind your own business then you won't be

minding mine
Yeah if you mind your own business then you won't be
minding mine
