I just spent my last nickel tryin' to drive my tears away  
Tryin' to mend a broken heart that you once led astray  
I know life is funny this old world is built that way  
So many disappointments, that's what makes the  
jukebox play

Every time I see your new love I bow my head and pray  
That they'll always talk things over and understand  
each other's way  
But sometimes it doesn't happen it's a fool like me who  
pays  
He'll be alone in this old world, that's what makes the  
jukebox play

Some people seem so happy, they're laughin' and gay  
Love to them is just a word, tomorrow's another day  
My life would be so empty for my heart won't live that  
way  
All kinds of people make this world, that's what makes  
the jukebox play  
All kinds of people make this world, that's what makes  
the jukebox play
