(Dave Kirby - Warren Robb)

Once again I'll live up to my reputation  
If I want to stay number one  
This evening at sundown I'll go into trainin'  
And I won't give up till I'm done.

I'll drink more whiskey than any man livin'  
I'll stay with 'em round after round  
There ain't no boozers or broken down losers  
Can stay with the champ when he's down.

I'll take on all comers when I'm on a bummer  
Nobody's takin' my crown  
And there's no contender when I'm on a bender  
That can stay with the champ when he's down.

You'd be amazed at the power I have  
With a bottle in my right hand  
In just a few rounds I can whip all the mem'ries  
And drop 'em right where they stand.

You'll never see me takin' the counts down  
At the Blue Teardrop Lounge  
There ain't no boozers or broken down losers  
Can stay with the champ when he's down.

I'll take on all comers when I'm on a bummer  
Nobody's takin' my crown  
And there's no contender when I'm on a bender  
That can stay with the champ when he's down.

And there's no contender when I'm on a bender  
That can stay with the champ when he's down...
