What makes me fall in love with every cowgirl that I
meet
Well, them tight levis and big blue eyes just knock me
off of my feet
Well, I can bust the toughest bronc in any rodeo
But when it comes to cowgirls we just can't say no.

When it comes to cowgirls we just can't say no
We love to watch them wiggle when they do the Cotton
Eyed Joe
I know they'll be the death of me but what a way to go
When it comes to cowgirls we just can't say no.

Cowgirls make you feel so good when they hold you
tight
Nothin' takes the place of their love on a lonely nights
Well, I can boss the meanest bull in any rodeo
But when it comes to cowgirls we just can't say no.

When it comes to cowgirls we just can't say no
We love to watch them wiggle when they do the Cotton
Eyed Joe
I know they'll be the death of me but what a way to go
When it comes to cowgirls we just can't say no.

When it comes to cowgirls we just can't say no...
