I catch myself staring off into space,
With pain in my heart and tears on my face.
The sorrow that lingers deep inside of my soul
Makes each day's passing so hard to control.
If only I had known what I've come to know now
I'd turn back the hands of time and show you somehow.

All I need is you,
To need me too
The way I need you.
All I need is you,
To love me too
The way I love you.
My life is complete
When I hold you in my arms,
All I need is
All I need is you.

I'd never understand why you drifted away,
When the love that we shared
Seemed so precious each day.
The memories I cherish
Are still dancing in my heart,
To rekindle romance
Amidst the times we spend apart.

If only I had known
What I've come to know now
I'd turn back the hands of time
To show you somehow.

All I need is you,
To need me too
The way I need you.
All I need is you,
To love me too
The way I love you.
My life is complete
When I hold you in my arms,
All I need is
All I need is you.

If only I had known
What I've come to know now
I'd turn back that hands of time
To show you somehow.

All I need is you,
To need me too
The way I need you.
All I need is you,
To love me too
The way I love you.
My life is complete
When I hold you in my arms,
All I need is
All I need is you.

All I need is you,
To need me too
The way I need you.
All I need is you,
To love me too
The way I love you.
My life is complete
When I hold you in my arms,
All I need is
All I need is you.
