Broke my heart when you walked away
Miss you more than words can say
I stare at the walls erased by the pain
And all that she was a picture in a frame

Come back is more than I could ask of you
I could never think to let this feeling go and
there is nothing, nothing now
I don't wanna lose you

All the love in the world
Won't mean a thing
Unless it comes from you and
All the love in the world
Won't mean a thing na na na

Just one smile is all it would take
To remove the sorrow upon my face
Cannot seem to let you go
Shouldn't have to be this way
We both know

Come back is more than I could ask of you
I could never think to let this feeling go and
there is nothing, nothing now
I don't wanna lose you

All the love in the world
Won't mean a thing
Unless it comes from you and
All the love in the world
Won't mean a thing na na na

All the love in the world
Won't mean a thing
Unless it comes from you and
All the love in the world
Won't mean a thing na na na

All the love in the world
Won't mean a thing

Unless it comes from you and
All the love in the world
Won't mean a thing na na na

All the love in the world
Won't mean a thing
Unless it comes from you and
All the love in the world
Won't mean a thing na na na

All the love in the world
