Take a moment step outside your world  
Refresh the words that you have heard  
That I am white, you are black  
Tell me what is wrong with that

I feel alive  
Knowing you're beside me all the time  
I think its time  
To put our thoughts behind us  
Yeah, put our thoughts behind us  
Let's not be blind

Turn out the lights what have you learned  
Are you one that's insecure?  
I'm from here, you're from there  
We're all foreigners on this sphere

I feel alive  
Knowing you're beside me all the time  
I think its time  
To put our thoughts behind us  
Yeah, put our thoughts behind us  
Let's not be blind

Well everybody knows  
How the story goes  
Well everybody sees  
The way its supposed to be  
I need you and you need me

[instrumental]

I feel alive  
Knowing you're beside me all the time  
I think it's time  
To put our thoughts behind us  
Yeah, put our thoughts behind us  
Let's not be  
I feel alive  
Knowing you're beside me all the time  
I think its time

To put our thoughts behind us  
Yeah, put our thoughts behind us  
Yeah, put our thoughts behind us  
Yeah, put our thoughts behind us  
Let's not be blind
