Pull back the sheets
And crawl into my bed
I can't wait to drift away
I feel the clock it's ticking
in my head
I close my eyes and start to fade

bridge
I hear her voices calling
Her breath is all I breathe
Her touch is all I want
In my dreams
In my dreams

chorus
I can have it all
everything I need
She's the only one
In my dreams

She's everything I want
As long as I'm asleep
I can live
Inside my dreams

I feel the sun is shining
On my face
And I'm counting down the hours
I close my eyes
I'm in my favourite place
I'm so glad that I found her

bridge
chorus

She's all I need
In my dreams

she's all I see
in my dreams

Her breath is all I breathe
