Searched this world all over for that one special girl  
Who was lookin for love not diamonds or pearls  
From outta nowhere you entered into my life like a ray  
of sunshine so warm and bright  
Touched my heart all over in a very special way  
I'll never forget that moment how it carried me away  
The time that we shared clings to my heart  
I knew it was love right from the start  
I'll love you forever forever and more  
For all that you gave me  
Its you I adore  
I'll love you forever forever and more  
Forever and ever forever and more  
Things of time have changed you drifted away  
But you left me with somethin to cherish each day  
A passion for life the courage to be strong the will to  
succeed and a sense I belong  
I'll love you forever forever and more  
For all that you gave me  
Its you I adore  
I'll love you forever forever and more  
Forever and ever  
Forever and more  
I'll love you forever forever and more  
For all that you gave me  
Its you I adore  
I'll love you forever forever and more  
Forever and ever  
Forever and more
