One kiss and I'm walking on air
One night and my troubles are gone
You did it and I can't explain it
Something happened there in your arms

oo-hoo a little bit of magic
hocus pocus hootchie-coo
oo-hoo a little bit of magic
I love every trick you do

Oh baby, I am a new man
Ain't no stopping me now
You told me that I was special
And made me believe it somehow

oo-hoo a little bit of magic
Hocus pocus hootchie-coo
oo-hoo a little bit of magic
I love every trick you do

Just when I think you've got everything
Who would believe what stuff you have seen

oo-hoo a little bit of magic
Hocus pocus hootchie-coo
oo-hoo a little bit of magic
I love every trick you do

oo-hoo a little bit of magic
Hocus pocus hootchie-coo
oo-hoo a little bit of magic
I love every trick you do
