Since november
I've been waiting for your sunrays to break through
How I wish that I could hold you
'cause I need you
I hope this storm's just passing through

I remember
When your eyes and the skies
Always shined so blue
Now every time that we're together
It just seems like there is
Nothing I can do

So I'm playing the waiting game (still waiting)
And all I see is rain (still raining)
Rain, rain, rain

I don't know if you'll ever change
You've been raining since december
I guess it hasn't been all that long
But it seems like it's been forever.
I can't stop it from poring down
'cause you're just like the weather
But I'll be just fine
'cause I know you'll shine
And until that time
You'll still be raining in my mind
(raining in my mind)

When I'm dreaming
Every thing is shaded black or white
Whatever happered to the colors
They've been washed away
By the rain inside my life

So I'm playing the waiting game (still waiting)
And all I see is rain (still raining)
Rain, rain, rain

I don't know if you'll ever change
You've been raining since december
I guess it hasn't been all that long

But it seems like it's been forever.
I can't stop it from poring down
'cause you're just like the weather
But I'll be just fine
'cause I know you'll shine
And until that time
You'll still be raining in my mind
(raining in my mind)
