Say'n I love u
It's the hardest thing to do
And if I ever do
Girl, I'll always be true

I may not be the best
Looking guy you ever knew
But I can show you love
That will always be true

And when your sky's turn gray
My love will guide the way
And if these words that I hold
Could only be told

Say'n I love u
It's the hardest thing to do
And if I ever do
Girl, I'll always be true

And when your tears fall to the ground
I will pick you up when you're feeling down

Say'n I love u
It's the hardest thing to do
And if I ever do
Girl, I'll always be true

And when your tears fall to the ground
I will pick you up when you're feeling down

Say'n I love u
It's the hardest thing to do
And if I ever do
Girl, I'll always be true

Say'n I love u
It's the hardest thing to do
And if I ever do
Girl, I'll always be true
