Why do you always do this to me
Why couldn't you just see it through me
how come if you act like this like you just don't care at
all
Do you expect me to believe that I was only one to fall

I can feel I can feel you near me even though you're far
away
I can feel I can feel you baby why

Chorus:

It's not suppose to feel this way that
I need you, I need you more and more each day
It's not suppose to hurt this way that
I need you, I need you, I need you tell me
Are you and me still together tell me
I think could we last forever tell me ... why

Hey, listen to what we were sayin'
Let's play a different game than what we're playin'
Try to look at me and really see my heart
Do you expect me to believe I'm gonna let us fall apart

I can feel I can feel you near me even though you're far
away
I can feel I can feel you baby why
(Chorus)

So go and think about, whatever you need to think
about
Go and dream about, whatever you need to dream
about
And come back to me when you know just how you
feel..you feel

I can feel I can feel you near me even though you're far
away
I can feel I can feel you baby why

It's not suppose to hurt this way that
I need you, I need you more and more each day

It's not suppose to hurt this way that
I need you, I need you, I need you tell me

It's not suppose to hurt this way that
I need you, I need you more and more each day
It's not suppose to hurt this way that
I need you, I need you, I need you tell me

Are you and me still together tell me
I think could we last forever tell me ... why
