Would you walk to the edge of the ocean
Just to fill my jar with sand
Just in case I get the notion
to let it run through my hand, Let it run through my
hand

Well, I don't want the whole world,
the sun and moon and all their light
I just want to be the only girl,
You love all your life, You love all your life

Would you catch a couple thousand fireflies , yeah,
put them in a lamp to light my world
all dressed up in tuxi»¿ and bow tie
and delivered to a lonely girl, to a lonely, lonely girl

Well, I don't want the whole world,
the sun and moon and all their light
I just want to be the only girl,
You love all your life, You love all your life

Lately I've been writing desperate love songs,
and mostly singing them to the wall
You could be the center piece of my obsession,
If would noticed me at all

Well, I don't want the whole world,
the sun and moon and all their life
I just want to be the only girl,
You love all your life, You love all your life
You love all your life, life, yeah
