I like your lips like I like my Coca-Cola yeah
Oh how it pops and fizzes
You like my shirt like I like it when you hold my hand the
way it fits
Its got me feeling lucky

CHORUS

Lucky uh it's got me uhh
You got that something
Boy I wanna be where you are
And I'm gunning for ya
And I can't even fall for some other man
Cause brother, man you know how to get hip to my
heart.. come on now!

All the girls in town look you up and look you down
I know so come on and pick your kitten purr baby purr
honey go ahead and say the word lets go I think I'm the
one you takin'
Got me feeling feeling lucky

[REPEAT CHORUS]

Tell me now uhh (X4)
You play it cool
You play it so coo coo cool
And what am I supposed to do
When you play it so cool
And I got the hots for you

[CHORUS x2]

I say you know how to get hip to my heart [X2]
