Wish I would have noticed sooner
All that crazy in your eyes
Do you practice in the mirror
On that tempt and crooked smile

Like that serpent in the garden
You came crawling back to me
Twice I ate that poisoned apple
Made me sick of being evil

I'll admit that I was wrong
You said I miss you
Oh yes I do
Hunny I miss you being gone

I saw that floozy you've been wooing
On your ex-best buddies arm
And I knew you'd soon be sneaking back turning on the
charm

Yea well, cupid ain't a bruiser
And I'm tampered throwing darts
Do you think I walk around
With a bulls-eye on my heart
Well, I'll admit that I was wrong

You said I miss you
Oh yes I do
Sugar I miss you being gone

I miss you like
Drama queens and cat fight and braces on prom night
I miss you like
Boy bands and cheap cologne our song as chaperones
and probably other thing that I've outgrown

Well you know you've got the mojo
But it ain't working me no more
and I swear I won't be checking you out when you walk
out the door

You said I miss you

And boy you got issues
Hunny I miss you being gone

Being gone

Being gone

Thank God you're gone
