"Same Old Thing"

It don't matter where you've been
The people try to do you in
Everyday till dawn
There's some thieving going on
Oh...
Oh no...
And he sung...?

Just the same old thing
Just the same old thing
No matter how much love you try to ban
Just the same old thing

You gotta count as hard
From being torn apart
Now you labor everyday
Love life dreamt away
Oh....
Oh no...
And It needs on...?

Just the same old thing
Just the same old thing
No matter how much love you try to bring
Just the same old thing
