Another command to succumb
To sucking you off with a smile
A vanity culture like a congregation
Identity dogmatism
The image is always in style
Stroking the ego with media masturbation
Conditioning to canonize
Gospel of this vox populi

Force feeding
Misleading
I'm burning the alter
And I'll pass right through

Erasing
Debasing
I want to be the Anti You

A singular definition
Of what it's supposed to be like
An arrogant principle of validation
You're pushing the masochism
We're never to question the hive
I'll be the nemesis of expectation

Refusing to regurgitate
Accuse and excommunicate

Force feeding
Misleading
I'm burning the alter
And I'll pass right through

Erasing
Debasing
I want to be the Anti You

This narcissism is a system to intimidate
Perpetuating overcompensating your self hate

Force feeding
Misleading

I'm burning the alter
And I'll pass right through

Erasing
Debasing
I've got nothing to prove

Force feeding
Misleading
I'm burning the alter
And I'll pass right through

Erasing
Debasing
I want to be the Anti You
