Don't Be Afraid by Alabaster Box
Don't be afraid, no
Yes, the Lord is with you
No, yes and know it is true
That the Lord is right by your side
If Jesus taught on the mountain
And if He walked on the sea
If He was nailed to the tree
Then He can go anywhere with you
My Jesus fed all the people
And He healed many a cripple
He cleansed the lepers in the temple
Then He can do anything for you
My Jesus went down the grave
And He rose up to heaven
And now He reigns on the right hand of God
So He can lift me where He wants me to be
