Go Out by Alabaster Box

Go out

Talk about the gospel of the Lord

Talk about His good news today

Save the lost soul

The bible commands yeah

To go out and preach His word

Me want you know

It's a command not an option

Preach it to the young

Preach it to the old

Preach to the rich man

To the poor one

The harvest is plentiful

But the labourers are few

Never sit down yeah

As if you are unconcerned

Depopulate the kingdom of the devil

And populate the kingdom of God

It's a call of compassion

Greatest commission, save the lost soul

We've got a lot of trials and tribulations

He is our God, we will still stand still

The harvest is plenty but the labourers are few

Whatcha gonna do when Jah Jah call on you

Everybody say we gonna populate God's kingdom

We beg you show love to the lost so

We gonna show love to the lost soul

Ayoo! Wayoo! save the lost soul

Hear me now!

Come around me brother here we go preaching the word

Preach to everyone in the whole wide world

Preach it to the young and preach it to the old

Preach it to the great, preach it to the small

Preach it in the schools and preach it on the streets

Preach it to the North, South, East and west

Preach it, preach it
