she was the one who seemed to have me there  
and yet i didn't care  
just want to be her  
well i felt like i was being trapped in there  
i seemed to have my share  
of being no one  
tilll You became the reason for my living here  
when the bright lights fade and the crowds are gone  
i'm left with only You

You're the main attraction  
and i'm learning  
how to love You  
You're the main attraction  
and i'm learning  
how to love You

so when it all becomes distraction i  
seem to forget and find out that i'm back here  
You will remind of of how far we've come  
You are the only one  
and then You spin me around and round  
till everything is said and done  
when the bright lights fade and the crowds are gone  
i'm left with only You

You're the main attraction  
and i'm learning  
how to love You  
You're the main attraction  
and i'm learning  
how to love You

if i sing and sound like angels  
watch it all go to the wind  
when i stand alone before You  
my God

You're the main attraction  
and i'm learning  
how to love You

You're the main attraction  
and i'm learning  
how to love You

You're the main attraction  
and i'm learning  
how to love You  
You're the main attraction  
and i'm learning  
how to love
