Be gentle when you want me  
when you need me show me you love me.

Be gentle like the breeze on a summer's night

Whenever I'm with you everything is alright.  
Underneath the stars as we stroll

With the aid of moonlight a silhouette I behold.  
Using that special feeling to guide my eyes

Once locked in place I realize  
That the shadow that is formed is one not two

And that's the way it should be while it's me and you.

Standing side by side with the stars above

Could this mean that I'm falling in love?  
The feeling is there and there's no mistaking

With just one touch you've got me shaking.  
Something seems strange  
I don't know what it is

It must have started out with the first kiss

Ever since then things just weren't the same

One hundred times a day I called out your name.

Be gentle when you want me  
when you need me show me you love me

Be gentle when you want me  
when you need me show me you love me.

Though we never got further than a simple embrace

Every time I close my eyes I see her face.  
To tell the truth I don't know what to do

How do I know if the girl is true blue?  
I went further than I wanted  
now it can't be stopped

Girl  
the feeling that you give me can't be topped.  
See  
love is based on many different levels

But the love you give is all so gentle.

One thing is for sure  
my love is pure

'Cause you're the one I want  
the one I adore.  
The one pleasure that I treasure is to call you mine

'Cause you spoil me with your love that is so divine.  
My emotions are strong and I'm here to show  
That I'm not a one-night Romeo.  
Each of us only has one life to live

So girl  
stop taking and start to give.  
I'm desperately waiting for you to share  
My life of tender love and care.  
Sometimes I can't help it if I'm sentimental

'Cause your touch is soft and your love's so gentle.

Be gentle when you want me  
when you need me show me you love  
me

...

I'm trying to take things slow  
one step at a time

Because falling in love is like committing a crime.  
And I can only plead guilty if my love is true

There's nothing in this world I wouldn't do for you.  
You get to me  
girl  
like many others have tried

And you're the only female that keeps me satisfied.  
If your love can be mine just for one day  
I would hope that you would happen to come my way.  
And as the day begins

a frown is on my face

But it comes to an end with your warm embrace.  
Sometimes I can't help it if I'm sentimental

'Cause your touch is soft and your love's so gentle.

Be gentle when you want me  
when you need me show me you love me
