(Phone rings)

(Intro, Blac Haze)

Yeah, yeah, yeah what's up

It's Blac Haze, ya know I'm sayin'

Yeah, what's up

Ya know I'm sayin'?

I was umm.. thinkin about'chu and umm..

Thought I'd give you a call

(Hook x2, Blac Haze)

I can see it in yo eyes

I know you fantasize

Ain't no need for the lies

I'm not surprised

(Verse 1)

First time we met, I won't lie

I didn't wanna get wit'chu, but why try?

Err'body tellin me, take a chill

You wanna get with her?

You gotta make a mil'

A girl like that, make a nigga pay fees

Benjamins, all about g's

Watch yo step, the girl ain't lame

The girl got a rep, the girl got a game

A nigga like me, still wanna get that

Nigga like me, still wanna split that

Conversate, let me know if ya wit that

Pass the weed, I know you wanna hit that

Sippin on Hennessey, no chase

Takin this party back to my place

Just wanna see a smile on yo face

Bounce wit me, no time to waste

Don't want no beef, or no stress

Nothin but weed smoke off in my chest

Wanna roll wit me? Be my guest

Smokin 'sess as we undress

(Hook x4)

(Verse 2)

Sexy brown eyes, makin me sweat
My only plan, is makin you wet
Could the name, be the reason you sex?
Rubbin, tastin, got you vexed
Don't wanna break ya heart, blow ya mind
But once I hit that, fo-sho ya mine
You wanna roll? Here's yo chance
Get with this, if ya want romance
Sparkin L's, in the Five
I'll roll a blunt, while you drive
You wanna do it live? You wanna test this?
And we got a pound of weed, in the Lexus
"Doggystyle", just like Snoop
Sippin on Hennessey, in the coupe
We on some other shit, check me out
Squeeze ya breasts, tongue in ya mouth
What'chu rock? Tryin'a get loot?
Sexy brown, lookin all cute
Blac Haze, you know my 'stiq
Where you at? You know where I be
V.I.P., on some chill shit
Nigga wanna wild, I'm on some ill shit
Spit the game, err'body got beef
Pound of weed, and her mom told me
Is it hot? Is it not?
Take it "Nice and Slow" cause we got
All night, just to stay heated
Spark a blunt, a nigga stay weeded
Peepin game, tellin lies
Cause I can see it in yo eyes
