The Moment you met me and entered my heart  
Was a moment I'll never forget  
I looked in your eyes and I knew from the start  
It is love, there will be no regrets

I never believed that fairytales could be true  
But there's a magic in you

All I all I ever wanted  
All I ever needed was just a miracle  
All I All I ever wanted  
All I ever needed is so incredible

In every Look and in every thought  
Is a Feeling of making it right  
And you showed me roads that I couldn't have walked  
Sharing Day after Day after night

I never believed that Fantasies can come true  
But there's magic in you

(4x)  
All I all I ever wanted  
All I ever needed was just a miracle  
All I All I ever wanted  
All I ever needed is so incredible
