Charlie's at the funeral
i'm sorry, you have missed him
leave your number at the tone
and he'll get back to you

Bella, i know that you're home, it's Jacob
please don't run away from me, i will be there soon
Bella, don't do something rash, if you do
i-i-i will have to kick your...um, i have to go

because Charlie's at the funeral
i'm sorry, you have missed him
leave your number at the tone
and he'll get back to you

Bella, i am coming over
i have seen something that you, need to hear
Edward deeply misses you
he might do something that you and he will both regret

because Charlie's at the funeral
i'm sorry, you have missed him
leave your number at the tone
and he'll get back to you

Charlie, please give Bella, this message from me
i know that she, is in a better place
no, i never wanted to hurt her
i was just trying to keep her safe
i'm sorry things ended up this way

because Charlie's at the funeral
i'm sorry, you have missed him
leave your number at the tone
and he'll get back to you

and he'll get back to you
