Out of the blue
What do you do when life gets burning?
Tick tock clock, the wheels are turning
Out of the blue
Stamp your feet defiance is looming
Don't give up your rosebud's blooming
Out of the blue

Out of the blue
Comes a face, where your faith is placed
Out of the blue
You don't fit in
While your smile is running thin

What do you do when life gets rough?
Hitchhike home with all your stuff?
Out of the blue
Nothing's right and somethings wrong
But you keep on holding strong
And in the end

Out of the blue
Comes a face, with the utmost grace
Out of the blue
You are scared
And the monster's teeth are bared

Out of the blue, yeah
