we don't need no stinkin fangs  
don't provoke us, there's no surer thing  
we've been dropping hints like you don't know  
there's a war that's ready to blow

this is a warning to the world  
listen up al you boys and girls  
there will be destruction like you've never known  
blood will be spilled by the first new snow

we don't need no stinkin fangs  
i've got fresh blood runnin through my veins  
i've got this strength that i never knew  
i'm ready to fight, now how about you?

this is a warning to the world  
listen up all you boys and girls  
there will be destruction like you've never seen  
we will leave our tracks fresh and clean  
cause we don't need no stinkin fangs
