Oh oh oh oh oh oh

For once I hit the spot real early,
Quickly spotted this beautiful girlie,
She had me going damn oh la la,

Said she wanna peel my banana na na,
Mami came from Panama
Had to pull her g string like Santana,
Have a zip of this no manana,
Next thing I gotta ask do you wanna?
Voulez vous you know the rest,
Merci beaucoup she said and got undressed,
I want it all and nothing less,
Roll up in the spot and got the best once again

[Chorus]

I got another one one one one,
Ain't no way I'm gonna come come come come,
Back to the club to the party I got what I came for,
You still searchin the floor,
I got another one one one one,
Ain't no way I'm gonna come come come come,
Back to the club to the party I got what I came for,
You still lookin for more

Guys coming out club empty handed,
No girl cursing like god dammit,
Went and spent your rent money on nada,
Can't even fix your broke Lada,
My girl drippin in Prada,
Pass you one cause I got a hole lotta,
Come on over here let me show,
You how to get it in many nights in a row,
Just say, Voulez vous you know the rest,
Merci beaucoup she said and got undressed,
I want it all and nothing less,
Roll up in the spot and got the best once again

[Chorus]

I got another one one one one,

Ain't no way I'm gonna come come come come,
Back to the club to the party I got what I came for,
You still searchin the floor,
I got another one one one one,
Ain't no way I'm gonna come come come come,
Back to the club to the party I got what I came for,
You still lookin for more

It's so hard for me to pick,
There's so much to choose from,
All this candy makes me sick,
But I'm still gonna have some,
Monday, Tuesday Wednesday, Thursday,
Friday, Saturday Sunday,
All that I know is that when I saw you girl

[Chorus]

I got another one one one one,
Ain't no way I'm gonna come come come come,
Back to the club to the party I got what I came for,
You still searchin the floor,
I got another one one one one,
Ain't no way I'm gonna come come come come,
Back to the club to the party I got what I came for,
You still lookin for more

I got the baddest chic on the island,
Best believe she's got this man smiling,
You can stay all night,
But you ain't getting what I got,
No you're not no no you not ey,
No you're not no no you not ey,
No you're not no no you not ey,
No you're not no no you not ey,
Oh oh oh oh oh oh
