Who wants to party, i wanna party  
Where is the party, here is the party  
Who wants to party, i want to party  
It's the power of the cocktail

Whine on it, show me that you can handle it  
Come on over here get a taste of it  
Now let me see those hands up in the air, air  
Change for it, baby take your time and play with it  
Anything yeah i'm down with it  
now let me see those hands up in the air, air

I got a one way ticket when i'm here to do the club  
I got 2 stacks in my hand botu to burnt it up  
I got 3 bottles, 4 models sipping from my cup, sipping  
from my cup  
It's the power of the cocktail

So tell me now  
Who wants to party, i wanna party  
Where is the party, here is the party  
I said now who wants to party, i want to party  
Where is the party, here is the party  
It's a party over here, it's a party over here  
Get, get, what you're drinking and put it up in the air

Start move your body on the dance floor  
So let me see you shake them pants off  
Like a snake charm i'll shake shake shake  
Baby whine like you're up in a dance off  
Say DJ go go, girls them screaming oh oh  
Bodies bumping, oh no  
Bassline jumping low

I got a one way ticket when i'm leaving out the club  
Got a 2 seater baby and we can drop the top  
Now it's 3 in the morning, time for us to tear it up  
Tell me who's gonna leave with us,  
Who's gonna leave with us, us

So tell me now  
Who wants to party, i wanna party

Where is the party, here is the party  
Who wants to party, i want to party  
Where is the party, here is the party

Keep that party going, keep that party going on  
Keep that party going, keep that party going on  
Keep that party going, keep that party going on  
Keep that party going, keep that party going on  
Keep that party going, keep that party going on  
Keep that party going, keep that party going on  
Keep that party going, keep that party going on  
Keep that party going, keep that party going on  
it's the power of the cocktail

So tell me now  
Who wants to party, i wanna party  
Where is the party, here is the party  
Who wants to party, i want to party  
Where is the party, here is the party

It's a party over here, it's a party over here  
Get, get, what you're drinking and put it up in the air  
Keep it going what's you're drinking  
It's the power of the cocktail.
