

Blackened "Dead End Street"

Visit "[Dead End Street](#)" on MotoLyrics.com

Scream but no one hears your cries
blood drippin' from your lipps
See the sickness in my eyes
feel the hate that's in my kiss

I won't let you outta here
you won't see daddy anymore
Fuck ya don't you cry my dear
as I rape you on the floor

Refrain:
My temple of sacrifice
where I satisfy my greed
here I take your life
down on dead end street

Your little darlin with blond hair
went with the devil in disguise
buried alive no breathin air
baby close your bleedin eyes
