

Blackened "Trail Of Tears"

Visit "[Trail Of Tears](#)" on [MotoLyrics.com](#)

You think he died for us
redeemer from above
two nails for all our sins
holding back his healin' hands

blind faith leads nowhere in the end
don't ask don't try to understand
this holy grale with blood for thee
whatever happens trust in me

Refrain:
Curse the day when Jesus died
We sold our souls into the night
How many tears god had cried
The day when jesus died

Walking on the trail of tears
I pray to god to ease my fears
Deridin' screamin' crucify
Father let this pain go by

Slowly I fade away
Heaven's light a soothing ray
Here I am beside your throne
The king of jews without a crown
