Pushing my failures away

Pushing my failures away

Pushing my habits

Away

Pushing my sorrows away

You can't see my real face

Because I'm pushing

My failures away

I call on my guardian angel

I'm begging and screaming out

Loud

Because if this won't stop it will kill me

My conscience is eating me

Out

If I had the guts to confess

The strength just to clean up this

Mess

What I would give just to forget

The habits, the hurting, the poison,

The nights out

They are still here, so I think I'll have to keep...

Pushing

My failures away

Pushing my habits away

Pushing my sorrows away

You can't

See my real face

Because I'm pushing my failures away

Waiting for something

To stop me

Before I collapse from the weight

The guilt that I'm carrying with

Me

My life is filled with lies and filled with persuasions

But underneath I

Feel and hear the echo of my soul screaming

Hold on I'll lead you the  
Way  
Holding on to yesterday  
The memories beg me to stay  
God, I'm throwing my  
Life away

Guilt is not easy to hide  
With angels and demons inside me  
Calling out  
The devil puts up a hard fight  
It's trying to keep the angels out  
Of my sight

I keep  
Pushing my failures away  
Pushing my habits  
Away  
Pushing my sorrows away  
You can't see my real face
