I'd walk the water to get back to you  
And where I was complete  
We found you scattered by the highway side  
Too soon to be released

Gathered the pieces up and clean the places  
Where you were undone  
And washed the wreckage out, unfinished all the  
Thoughts that we'd begun

I came to burn the sky  
And tear away the beauty that it sows  
If I could rape the day and find the things  
I thought I'd always known

Leave it alone again tonight  
Leave it alone again tonight  
Leave it alone again tonight

I laid your arms out long untwisted there  
And shaped what I could find  
Unmade the most of it then left the rest  
The parts unrecognized

My reconstruction was the only way  
For one last look at you  
I lost the sense of it  
The absolution what we never knew

Leave it alone again tonight  
Leave it alone again tonight

And it takes me back  
From this place here  
From this place here

I came to burn the sky  
And tear away the beauty that it sows  
If I could rape the day and find the things  
I thought I'd always known

Leave it alone again tonight

Leave it alone again tonight  
Leave it alone again tonight  
Leave it alone again

And it takes me back  
From this place here  
From this place here  
It takes me over

I'd be lost  
In this place here  
In this place here  
It takes me on

Tonight leave it alone  
Tonight leave it alone  
Tonight leave it alone  
Tonight leave it alone
