I'm a trickster burn so brightly  
I still hate you motherfuckers everyone  
Wrapped in glory bound so tightly  
I still need you even when I'm overcome

Saved by the light  
Let me go on, let me go bright  
To be saved by the light  
Let me go on, let me go bright

I'm a trickster burned so badly  
I still hate you motherfuckers everyone  
Wore my sickness so politely  
I can't be your everything to everyone

Void of meaning swelled just slightly  
I still need you, I still need you  
Gone forever so concisely  
I still need you, I still need you

Saved by the light  
Let me go on, let me go bright  
To be saved by the light  
Let me go on, let me go bright

And if you hate the world  
Say I've been there and if you hate yourself  
Well, don't go changing all the times  
I used your body done my way

Can't say I'm sorry, ripped the gloss off  
All your memories, consequences so demanding  
Bruised and beaten, conscience bleeding  
Sexually, sexually, sexually

Saved by the light  
Let me go on, let me go bright  
To be saved by the light  
Let me go on, let me go bright

And I'm saved by the light  
Let me go on, let me go bright

Let me go bright
