Drive into a car crash to break this spell I'm in  
Slow motion I am dizzy  
And the earth below is connecting sharp  
Stunned and left with this bitter taste in my mouth

Don't Be Afraid  
It's not over  
It's only changing

I barely exist beneath this beautiful sunshine  
And the flowers reek of the spring  
All around me dies yet we're still alive  
Sliding down the well, I try to grab a hold of something

Don't Be Afraid  
It's not over  
It's only changing
