You're all I'm dreaming of  
You are my really love  
Although that I need you  
You broke my heart in two

You thought the thing you would do wouldn't mean  
that pain for you but now you realise  
Your love for me is still alive

BRIDGE: But now in these days  
There's just one thing for me to say  
It's to you I wanna give my love away

CHORUS: Please come back to me Cause I need you  
now  
I can't live one more day without you  
I need you like the day needs the sunshine  
I hope that soon your love will be like mine  
I don't know what to do much more  
But I know that I need you  
Girl you got to know that I need you

I know that you've been hurt  
I know that it was hard  
You said you need a friend to help you understand

That's why I say it's me with you wanna be  
Together in our lifes, together we would die

BRIDGE:....

CHORUS:....
