CHORUS: Unbreak my heart Don't leave me this way  
Bring back your love  
I'm waiting for you  
Girl you are the one that I adore

Tell me why is so hard to say goodbye  
Cause the time is passing by  
So many things we left to say...yeah  
You know I got your love so deep inside  
See your lovely face each night  
You are the sunshine of my life...yeah

BRIDGE: Everynight I think about you girl  
I can never let you go

CHORUS:...

You know I..I have been waiting also long  
You're the one I'm searching for  
Thought I will never be alone...yeah  
But now I..I'm sleepless every night  
Cause there is no one by my side  
I feel your love for me will die
