I'm a pirate, you're a princess  
Your life is perfect, my life is a mess

I'm a pirate, you're a princess  
Your life is perfect, my life is a mess  
I'm a lover, you're a dancer  
Desperately searching for an answer

Grab on baby, and hold on tight  
We're gunna ride the seas, we set sail tonight  
Just us two, we'll make the perfect crew  
We're gunna sail forever, until our dreams come true

Through cloudy nights and stormy days  
We stay alit, to set the world ablaze  
Broken and tattered, our ships still sails  
Proving always, that love prevails

Grab on baby, and hold on tight  
We're gunna ride the seas, we set sail tonight  
Just us two, we'll make the perfect crew  
We're gunna sail forever, until our dreams come true

I'm a pirate, you're a princess  
Your life is perfect, my life is a mess  
I'm a lover, you're a dancer  
Desperately searching for an answer

I'm a pirate, you're a princess x4
