Do you remember when forever meant forever?  
It's true, I can't say when but I'll never say never.  
Like a shooting star, I feel for who you are. I never  
thought we'd get this far.  
I'm gunna' make you mine, all it takes is time. Baby,  
you're the first in line.

You are the one that makes my heart smile  
You are the one that makes life worth while  
I'll be the moon in the sky, I'll be the stars in the  
night. I'll be the crutch when you fall,  
I'll be your wonderwall  
I'll be the fallen leaves in the summer breeze. I'll be  
there for you until the oceans freeze.

I hate the way I miss you on the drive home.  
I love the way I kiss you when we're all alone.  
Your imperfections are what make you perfect to me.  
I close my eyes at night, and you are all I see

You are the one (x4)

\*chorus\*

I'll be there for you until the oceans freeze (x2)
