Yes, I've been lying, but so have you
'bout these things that I want you to do
And you've been playing all along
Pretending that you don't wanna come home
You're the drug I'm looking for
Can't you see I need to score, baby
'cause I just want to have you
So grab my hand and I show you the way
'cause we've got something going on

Break:

That's the way I like it
That's the way I want it
Only met you tonight
(only met you)
But it feels so good
And it feels so right
(feels so good and it feels so ince)

Chorus:

Come on, love me for the moment
Love me till the light
Won't you gimme lovin' (won't ya)
Don't know your name or much about you
(much about you)
But love me
Oh baby, love me tonight

Hey don't you worry 'bout a thing
'cause I've got plans if you know what I mean
By tomorrow you will see
'cause you're the only one I really need

Break

Chorus

Love me 'till the light
Come on, love me 'till the morning
And love me 'till the light
Love me 'till the light
Come on, love me, love me, love me

Through the night

Chorus
